PROPOSAL

Present Logo

Proposed new logo

The proposed “New Logo” was until 2015 the logo of the Central Europe Sub Region. At the sub regional conference 2015 they agreed a new logo and wished to donate the “old” one to the Europe Region, because it shows the golden stars on blue background combined with the logo of ISGF.

As the Europe Region does not have a symbol to state its uniqueness within our common worldwide movement, we should make a decision regarding this new logo.

The European Commission/Agency in Austria states, that using the European Regions logo with the stars of the EU/EC together with the ISGF logo is not against the premises of the agreement between the European Commission and the Council of Europe, as decided in a contract from 8.9.2012 (2012/C 271/04).
