ABOUT THE PAVEURS

PAVEURS is abbreviation of **“PADVINDSTERS VAN EERDERE UREN”** which means **“Guides from times way back...”**. Our group consists of about 40 active women. The Organizing Committee has 9 members, namely Ingrid Islam-Bergen, Dayenne Angel, Joke Pengel, Liestra Ost-Smith, Winifred Frijde-Salomon, Etna Vaseur, Yvonne Wong-A-Soy, Diana Pengel & Amy Adams. We aim to make your stay in Suriname as agreeable as possible.

SOME FACTS ABOUT SURINAME

Suriname is situated on the continent of South America, just north of the equator. It is bordered in the south by Brasil, in the north by

the Atlantic Ocean, in the east by French Guyana and in the west by Guyana.

Suriname has a humid, tropical climate and in September the weather is fine most of the time. We have about half a million inhabitants in Suriname itself and 250.000 more are living abroad, most of them in The Netherlands.

Our official language is Dutch, but English is widely spoken. Portuguese is an upcoming language, since we have a big Brazilian community here.
