International Literacy Day Celebration

The ISGF Arab Region, represented by the Community Development Committee, in cooperation with UNESCO and the Egyptian Ministry of Education and its unit of scouts, organized the International Literacy Day celebration, which takes place September 8 of each year, via ZOOM. Specialists in the field of education and literacy participated in the celebration, spearheaded by Deputy Minister of Education in Egypt, who valued the ISGF Arab Region for this partnership in this matter. Each of them stressed the importance to confront the tide of alphabetical, technological and cultural literacy.

The ISGF Arab Region, whose previous past experiences have proven successful, expressed its preparations of cooperation with the competent authorities in the fight against illiteracy.
