

Donation at a time of need

Donated clothes racks

On March 20 Sri Lanka, Musaeus College Colombo 7, 80 batch representative, Sri Lanka Girl Guides Association Colombo 7 Chief Commissioner, Visakha Thilakarathna and Provincial Girl Guides Commissioner, Western Province Harshini Perera handed over two washing machines to ETU (Emergency Treatment Unit) and Ward 14, National Hospital. Both machines were received by Dr. Lanerolle, a Sister of the ETU and Dr Upul Dissanayake.

A request for consumables and clothes racks was made at the time by the ETU. These were also bought and handed over to the ETU. The NHS staff were very appreciative and the excellent care received by the patients was commendable. Quarantine was well maintained under sanitary conditions. On March 21, as doctors and ETU staff who are treating COVID-19 patients had no refreshments, Girl Guides handed out tea leaves, milk powder, sugar and biscuits in bulk. ETU Sister accepted the groceries.
