

Izegem, 24.10.2019

Dear Guildsisters and Guildbrothers,

The committee of ISGF-Region Europe wish to all of you the very best and a lot of joy and many good friends, they are together with us under the emblems of trefoil and fleur de lys. It is our responsibility, not to dream about days, they have passed, days, where we had been girls and boys enjoying the life as a guide or a scout. Our responsibility is now, to take care, that following generations will have a chance to live in a world, worth to live in. Therefore it is necessary to show the worth of scouting and guiding by giving a good example.

The World-Fellowship-Day is for us also a day, where we should think on our sisters and brothers in scouting and guiding, they are suffering under war, change of climate and social discrimination. It is our duty as adult scouts and guides to give help, as we had promised once. We also have to take care, that our sisters and brothers in scouting and guiding, who has left us onto the "LAST Big Camp" will not be forgotten.

So let us give a hand, close the circle and span the world with friendship

Be prepared!

Europe Regional committee
Pierre Decoene, Hans Slanec, Lena Claesson, Ana Rodrigues
