

General information

Twinning is a practical way for members to be involved internationally. The principle of twinning is to establish contact between members of the International Fellowship in different parts of the world.

Logo

In 1989 a special logo for twinning was designed representing twins of different colours holding hands in friendship with the ISGF badge in the middle. In 2005, a new, more modern and stylised logo was introduced. All the work in relation to twinning is identified by this logo, which may be used in two versions, in colour (red) or in black and white.

Levels in twinning

Twinning can be implemented at any one of three different levels:

- person to person – one member of a Guild writes to a Guild member in another country,
- Guild to Guild – when all Guild members become involved with a Guild in a different country,
- country to country – when the National Committee writes to an existing, new or potential member organization.

Why twinning

Years of experience have proved that through twinning, the strength of ISGF has been enhanced in the following ways:

- greater international awareness and understanding helps the cause of world peace,
- acceptance of and friendship with people from other nations breaks down barriers and reduces intolerance,
- providing a wider view of our Fellowship movement, offering new ideas and generating enthusiasm for ISGF.

Registration twinning

Requests for twinning should be made via your International Secretary.

When the link has been established, the International Secretary will register the twinning and arrange for a certificate to be issued.

Contact

Leny Doelman, ex-officio of the World Committee, coordinates twinning. If you have specific questions about twinning or want to get a certificate, please inform Leny.
