#### ISGF PARTNERSHIPS

World Association of Girl Guides and Girl Scouts (WAGGGS)  
World Organization of the Scout Movement (WOSM)  
United Nations High Commissioner for Refugees (UNHCR)  
International Ambassadors Guild (IAG)

## RESOURCES

There is a need to develop ISGF Resources, both human and finances. In the period 2024 – 2027 New Opportunities need to be identified, and tools developed for fundraising and the development of human resources.

### ACTION

**World Committee:** to develop a global fundraising program, identify global partners and volunteers to support the WCom.

**Region Committees:** to co-ordinate fundraising activities and support the development of the NSGF's in their region, in terms of membership.

**NSGF's:** to organize fundraising events and have an attractive program for membership development.

## REGIONS

There is a need to promote good leadership and efficient governance. The Regions need to be able to take care of Governance, have a Board, and follow the duties of that Board. Help and assist the members at the Region level in being active and useful in the development of the programs. The Regions should provide Leadership and Training opportunities.

### ACTION

**World Committee:** to create support teams in the Regions for efficient work. Connect local fellowships to possible partners. Support human resource development. Compile a database of members' skills.

**Region Committees:** to promote and develop co-operation between Scout and Guide Associations and ISGF at national and local levels. Encourage participation in social activities, workshops and seminars. Co-ordinate in compiling databases.

**NSGF's:** To establish members skills database. Grant awards to outstanding members. Organise activities and participate in activities with Scouts and Guides.

## VISIBILITY

**There is a need to create the opportunities to make ISGF more visible.**

### ACTION

**World Committee:** can identify global partners to work with. Promote co-operation, partnerships and joint projects with partners. Enhance the Social Media presence to reach the ultimate number of members, via the website, Facebook, YouTube, text and emails. To support participation and presentation of ISGF work. Create global activities to link the members (possible global day) and create a platform for registered members on the ISGF website.

**Region Committees:** To create community activities and use our logo. Identify partners to implement joint activities. Enhance their social media presence via website, Facebook etc. To set up ways of communication via emails, text messages, WhatsApp, zoom etc. and to use local media.

**NSGF's:** To identify partners to work with, enhance their social media presence, participate in community activities including those organised by WOSM and WAGGGS. To reach out to WOSM and WAGGGS leadership.

## ENVIRONMENT

We need to actively protect and promote environmental conservation and engage our members in active participation in environmental activities and events.

### ACTION

**World Committee:** To provide and disseminate information and establish co-operation and partnership with organizations in Environment.

**Region Committees:** To co-ordinate and support planned activities and provide a work plan for common activities.

**NSGF's:** To organize and participate in environmental events.

## PEACE

**We need to create and live in peace, promote and work for peace and to be peaceful.**

### ACTION

**World Committee:** To provide a calendar of events for peace and activities. Create partnerships with organizations in peace activities.

**Region Committees:** To coordinate peace activities and promote peace events.

**NSGF's:** To organize and participate in peace events.
