6 General Assembly 21–23 March 2025

Last weekend, members of the International Ambassadors Guild gathered together in Brussels for the General Assembly, our annual meeting. We had chance to experience the sights and museums in Brussels and visited the historic town of Kortrijk for a tour of the Beguinage..

We reflected on our work and discussed how we can continue to meet the financial challenges of project funding in the future. This year the International Ambassadors Guild will be supporting 7 Guide and Scout projects in different countries.

Would you like to join us in the future? New members and persons who financially support our mission are very welcome.
