

October 23, 2024

Dear friends, Fellowship Day greetings from the NSGF United Kingdom!

Those of us who were able to attend the recent World Conference were privileged to meet members from all around the world, all clearly demonstrating their commitment to the Promise that most of us made as young people many, many years ago. Many of the projects supporting WAGGS and WOSM youth members, and lots of the community-based activities, were enabled by Guilds and Fellowships working together and supporting each other to make a real difference in their own countries and in the wider world.

The conference was an opportunity to catch up with old acquaintances and to make new friends, and to welcome the new countries joining the ISGF family. With the current troubles in the world it was truly inspiring to see how friendships made at a personal level cut across borders and can unite nations through the spirit of Scouting and Guiding.

We look forward to meeting you at future events, and hope you enjoy celebrating Fellowship Day.

Yours in fellowship  
Helen Watson  
International Secretary  
National Scout and Guide Fellowship UK
