Dear Friends,

Today is exactly one month after we opened the 2<sup>nd</sup> Caribbean Gathering with registration and Meet and Greet.

A day full of expectations and wishes for a fruitfull and enjoyable gathering.

The organizing committee feels a great satisfaction after receiving multiple proof of gratitude and appreciation for the job we did.

Dear Friends, All we did was for you, because as our Friends, Brothers and Sisters you just deserved this and much more.

It was a pleasure and honour for us to receive you all, beautiful people, on our lovely Island and our aim was to make you feel at home.

After you all left it was like a kind of emptiness around us and we are still missing all the good times we had together.

We thank you sincerely for your participation and our wish is to meet you soon in any part of the world but surely in 2016 in Suriname.

As a gift our International Secretary "Lygia" will sent all head of delegations a DVD with all pictures taken during the 2<sup>nd</sup> Caribbean Gathering.

We hope you will enjoy looking at this DVD together, remembering the good days we spent as a big family in Curaçao.

*The Trupial*

Once more thanks and let's say: till we meet again.

Passing away of our Friend / Brother  
**José Fernando Villalobos Calcagni**

Exactly 3 weeks after the Chilean delegation left Curaçao., we received the sad news that our friend and brother Fernando passed away.

We knew he was feeling sick when in Curaçao. and we also were informed he was hospitalized on Friday, October 4th, but we never expected his death.

This turned all our joy in sadness and still we cannot cope with this loss.

A delegation of Curaçao participated in October 2012 at a Sub region Gathering in Quilpué, Chile, where we got to know Fernando.

The first thing that comes to our mind when we think of Fernando is his “eternal smile”. He became a good friend and we experienced him as a jolly good fellow.

Fernando will be missed by his San Jorge Guild, the Sub region of South America, All his FB Former Scouts and Guides Friends but also by us of the Western Hemisphere Region.

We wish strength to his wife, children, other families and friends and the Chilean delegation who travelled with him to Curaçao. A special word of strength goes to Juan and Bernardita of the San Jorge Guild.

And to Fernando we say: **till we meet one day around the Campfire in heaven.**
