FELLOWSHIP DAY MESSAGE – 25 OCTOBER 2022

Fellowship, the meaning of the word is friendship, to belong to something valuable, a group of people with the same purpose and values, community of interest, feeling, activities or experience.

It is possible to go on to define this powerful word of FELLOWSHIP.

The family of ISGF is joined in Fellowship. Some of us have been in scouting from early age and some have decided to join later on in life.

No matter how it started as we have all chosen to belong to a Fellowship whether it is big or small.

We all belong to a local group with close friends, then those local guilds belong to a National Scout and Guide Fellowship (NSGF) in every country.

NSGF's belong to a Sub Region and they belong to a Region that together makes the structure of ISGF.

There is a saying that no chain is stronger than its weakest link. It is therefore we all must do our utmost to keep the structure and strength of our organization.

All over the world we are facing the fact that Mother Nature is reminding us to protect and preserve what has been given to us.

Environmental issues are highly addressed, in many places where people are living with the hardship of war and persecution.

Look into your local group and think about who you are and what you can offer to others.

Remember the values that made us a member of ISGF that we have become today. Let's look forward and remember to do our best to leave this world a better place than it was when we arrived.

Wish you all a good Fellowship Day,

Elin Richards

Chairman ISGF World Committee
