International Family Day

In celebration of the International Family day, the committee of programs and activities at the ISGF Arab Region held an evening about family awareness after the Covid-19 pandemic. Two specialized members discussed family matters; they were:

- **President of the association for psychological family counseling's board of directors, Mr. Jazaa Marzoog Al-mutairi.**
- **Councilor Mohammed Ateya Al-Ali**

They talked about familial flexibility after the Covid-19 pandemic, and what families should do after the pandemic is over. They also tackled the lessons learned from the pandemic, as the second member discussed behavioral stability post pandemic.

The evening went on for 2 hours, with over 200 participants, and took place on the online platform Zoom.
