UNION ARABE DES PIONNIERS SCOUTES ET GUIDES

Drug Addiction Prevention

Mr. Fathi Farghali, the president of ISGF Arab Region opened the cultural activities evening organized by the community service committee in cooperation with the NSGF Muslim Scout Association in Lebanon, Tuesday evening, 14th of July 2020.

He established salutations and appreciation for the soul of the late Prince Youssef Dandan, founder of the ISGF Arab Region, and Mr. Fouad Fleifel, head of NSGF Muslim Scout Association in Lebanon. He called for the need to confront the scourge of drug addiction to protect our generation from being lost in his speech.

Afterwards, Mr. Fouad Fleifel, head of the NSGF Muslim Scout Association in Lebanon, spoke highly of the ISGF Arab Region efforts, especially during the Covid-19 pandemic, and asked everyone to get together and address the scourge of drug addiction for a cleaner generation.

Then, Dr. Ahmed El-Tatry, Vice-Chairman of the Community service Committee of the ISGF Arab Region Explained that the current state of addiction calls for an alarming situation, as addiction is a condition in which the addict needs care from society and the family, as addiction damages affect family and society.

Dr. Ali Al-Qaq, a fellow surgeon at the Royal College of Britain, explained that addiction is a broad and complex world, with the youth who have fallen into the clutches of this dangerous affliction as it's main target. He emphasized on the importance on monitoring the youth, noticing abnormalities such as personality disturbances, escaping from school, and absenteeism from the home. lastly, Mr. Mesfer Al-Ghobashy, Secretary General of the Community Service committee, thanked all the participants for the meeting.
