SEPTEMBER 2021 MONTHLY REPORT

A good teacher is the one who can inspire hope, ignite imagination and instil a love of learning. Teachers are the most responsible and important members of society because their professional efforts affect the fate of the Earth. As adults in an organisation, each of us in a way, is a teacher, at home, in society and within our social groups. Here's a message by Roger Moore that we can always take inspiration from - "Teach love, generosity, good manners and some of that will drift from the classroom to the home and who knows, the children will be educating the parents." Indian SGF stands with ethics and values with Scouting / Guiding fundamentals.
